## General Information

**LOCATION** — The Edson Shorthorn dispersion sale will be held at the Russel Edwards farm, Winchester, Indiana. The farm is located three miles north of Lynn, Ind., on U.S. 27, then three miles west. Or, three miles west of Lynn, Ind., on U.S. 36, then two and one-half miles north.

**TIME** — **Saturday, Sept. 6, 1969.** The auction will start promptly at 12:00 noon.

**TELEPHONE** — The phone to use sale day is Winchester, Ind. 4-9684.

**SALE HEADQUARTERS** — The Holiday Inn, Richmond, Indiana. You may make your reservations direct or contact the sale manager. He will be happy to do it for you.

**TRANSPORTATION** — Winchester, Ind., is located approximately 80 miles northeast of Indianapolis, Ind., approximately 70 miles south of Fort Wayne, Ind., and approximately 50 miles northwest of Dayton, Ohio, all of which are serviced by major airlines. Rental cars are available at all large air terminals.

**HEALTH** — The Edson Shorthorn herd is certified and accredited for TB and bangs. They practice calfhood vaccination. Each animal selling will have passed a brucellosis and TB test within 30 days of the sale. A qualified licensed veterinarian will be on hand sale day to issue health certificates.

**BREEDING DATES** — To the best of our knowledge the breeding dates in this catalog are correct. Changes will be announced from the block sale day. Each cow in the herd is a regular producer.

**GUARANTEE** — Bulls are sold under the standard guarantee endorsed by the American Shorthorn Association. Please note that a requirement of this guarantee is that notification of failure to breed be made within six months of the date of the sale. Bull calves under one year on sale day are not guaranteed.

**Females:** As is the custom in dispersions there will be no guarantee on females. The females selling with calves at side have their own guarantee that they are breeders. Every mature female in the sale is a regular producer. All information on breeding dates will be made available to buyers on sale day.

**TERMS** — Terms of the sale are cash or check to the clerk at the conclusion of the auction unless other arrangements are made in advance with Russel Edwards and the sale manager. All sales are final as soon as bid off and constitute a contract between buyers and seller. Russel Edwards employees and management are not responsible for accidents that may occur. All attending this sale do so at their own risk, although every precaution will be taken to guard against accidents. The sale manager, auctioneers, ringmen and clerks were hired for specific promotional and clerical tasks and have no connection with the contract, handling of the cattle, condition of the premises and assume absolutely no liability.

**INSURANCE** — All purchases are at the risk of their new owners as soon as bid off, and we strongly urge that they be insured. Insurance will be available sale day through Harding & Harding Livestock Insurance, Geneva, Illinois.

**LUNCH** — Will be available sale day.

**PEDIGREES** — A certificate of registration and transfer will be furnished for all animals and properly signed application will be furnished for the registry of unborn calves.

If you are unable to attend but wish to leave a bid or want special information concerning the sale please feel free to contact any of the above mentioned at any time.

**FURTHER ANNOUNCEMENTS** — All information contained in this catalog is correct to the best of our knowledge at the time of printing. Announcements made from the auction block Saturday, Sept. 6, 1969 will supersede any material printed in this catalog.

The Smith family, front row, Susan and Cheryl. Back row, Maud and Russel Edwards. The Edwards family, front row, Jay, Jeff, and Jan. Back row, Max and Dixie.

As a boy I grew up with cattle, my family fed all kinds and colors. Then as a young married man I, too, fed cattle. Finally I decided to raise my own feeders, and started a herd. A few years later I changed my farming pattern and did not have pasture for the cattle so I sold out. This herd was not Shorthorns.

Then as the children grew older and entered 4-H work, we began buying calves for them . . . here again we purchased all kinds. As the years passed and it was harder each year to purchase the kind of calves we wanted, my son and I decided to start a herd of our own and eliminate the search for calves each summer and fall.

We decided that the calves that did the best for us had always been Shorthorns, they developed more rapidly and we liked them better in every way.

We visited several Shorthorn farms and this first year (1949) purchased five or six females. The following year their calves were shown in our county and then at our state fair. We had first-place heifers and one was made champion at the state. We decided we were picking the right kind for foundation stock.

We continued to add to our herd at leading dispersions, and almost every cow's family has stayed on in the herd.

We were now faced with the problem of selecting a bull and finally chose Helfred Emperor 38th. We considered him to be the right type and our faith in him was justified . . . he left us a beautiful group of cows. Our next bull was Marellbar Romatic and the calves from him were tremendous . . . the males and females were extra good doing cattle and both showed and sold well. Our next bull was U K Lodestar 155 and he, too, did well for us. Our present bull is Colomeadow Mr Talisman and he is producing beautiful calves.

We have produced the kind of females we wanted to keep and although we do not claim to have the best herd, we do think there aren't many better. We have never had to be ashamed of our cattle either in the show ring or at the sales.

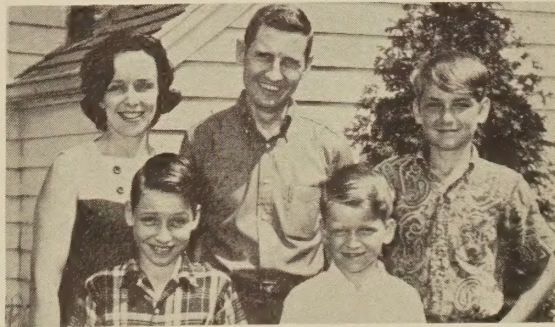

We are sure the people who buy our cattle will continue to do well with them. We are sorry to arrive at the place where we must part with them. We are hoping each of them will find a good home.

**All of the cows pictured here sell in this dispersion.**

Russel Edwards and his family have spent the last 20 years developing a great herd of Shorthorn cattle. On September 6 you will have an opportunity to select from those 20 years of hard work and breed improvement. It is easy to call a herd of cattle great, but in this instance the term sticks and has meaning. Perhaps the best way to describe the Edson cow is to say "They look like beef cattle." They are that way because Russel has known since boyhood that a beast must be able to convert roughage and grain economically. That's why the cows in this herd still have thickness, capacity and strength of rib. As a result they have muscle and doing ability built in.

I think the thing that impresses me most about this herd of cows is their breeding ability. Take note of the foundation females and then count the number of cows still in the herd from these cows. That means they have done the job down through the years working with bulls that have been carefully selected for them.

Take note of the number of daughters from these bulls that have been kept in the herd, not to build up numbers, but because their quality demanded that they stay. There is only one cow selling that was not born and raised on Edson farm.

These are not the biggest cattle in the world, but they are on the high side of the middle of the road and remember, most important, "They look like beef cattle."

The Edwards family and myself will be most happy to have you attend the sale. If there is anything we can do to make your trip easier or any information you may need about the cattle, please feel free to call on us.

Sincerely  
GENE McDONALD

**COLOMEADOW MR TALISMAN, Lot 1**

**COLOMEADOW MR TALISMAN** — The cheapest investment we have made in the cow business was the \$3,475 paid for a two-thirds interest in Colomeadow Mr Talisman. After we purchased him he went on to be grand champion of the American Royal in Kansas City and the Dixie National at Jackson, Miss. His sire is the AAA Acadia Napoleon 66th, whose get have written history in both the Colomeadow herd in Colorado and the Acadia herd, Northfield, Ohio. The dam, Colomeadow Talisman 2nd, was grand champion no less than 15 times in her show career including the grand championship of the 1961 National Western. Her dam, Ringwell Orange Talisman, was twice an International champion. Mr Talisman has left a great set of calves here. A number of three-year-old females sired by him with calves at side or bred to our junior herd sires, will be the attraction at this sale. There are 18 females by him selling. In addition, most of the mature females will carry his valuable service and many of them will have calves at side sired by him. Two-thirds interest and full possession sell. A one-half semen interest is retained by John F. Shuman, Byers, Colo.

### **MELBOURNE MASTERPIECE, Lot 2**

**MELBOURNE MASTERPIECE** — In searching for a great young bull to mate with the daughters of Colomeadow Mr Talisman, we obtained a one-third interest in Melbourne Masterpiece. His record as a sire is unsurpassed for a bull so young. After selling for \$5,800 in the 1965 Melbourne sale he worked at George Miller's Upson Farm, Thomaston, Ga., where in their dispersion, his calves were sale attractions and he, himself, sold at the top of that sale to Jim Kusel, Fort Cobb, Okla. A one-third interest, which was owned by B. C. Barnes, Carrollton, Georgia, resulted in Melbourne Masterpiece siring the top selling bull calf of that famous dispersion in April, resulting in that calf and his dam being the top selling female lot of that sale. We were fortunate to obtain Barnes' one-third interest and have used Melbourne Masterpiece on most of our yearling heifers, particularly those sired by Colomeadow Mr Talisman. Melbourne Masterpiece is a full brother to the International grand champion female Melbourne Missie. One-third interest and no possession sells in this great young bull. Kusel Bros., Fort Cobb, Oklahoma have a large bank of frozen semen which they will supply to the new buyer at cost of collection. The new buyer also agrees that Kusel Bros., may sell semen from Melbourne Masterpiece.

EDSON MR TALISMAN 10 — Another youngster that will bear waiting for. His dam is from our very prolific Nonpareil cow family and is sired by Marellbar Romatic. This is a combination of breeding that has built our herd to its present day strength and one that is giving us our best cattle today. His dam sells as Lot 20.

U K LODESTAR 155 — Selected after he was made grand champion of a Kentucky Futurity sale. Sired by the \$10,000 International grand champion Ringwell Lodestar and from an imported cow, this bull did a great job in the Edwards' herd working on daughters of Marellbar Romatic. A number of females were retained in the herd and they are a beautiful group of cows that are producing outstanding calves by Colomeadow Mr Talisman. 10 females sired by him sell in this sale.

### For Reference Only —

MARELLBAR ROMATIC — Selected to be used on the daughters of Helfred Emperor 38th and the results of these matings are self evident in this catalog. 18 daughters of Romatic sell in this sale and they are the backbone of the herd. During his service in the Edwards herd he sired among others, the first-place senior get-of-sire, Indiana state fair; first-place bulls; numerous champions and top sellers throughout the land. He is sired by the International reserve grand champion, Kair Ranger, whose record at Marellbar Farm, Libertyville, Illinois, is unsurpassed.

It has been my privilege and pleasure to serve the Edwards herd in the capacity of veterinarian. All eligible animals will have passed a negative test for TB and bangs within 30 days of the sale. All breeding animals have been vaccinated for Lepto within the last six months. If you have any questions about the health of the Edwards herd I will be glad to answer them. I will be on hand sale day to issue health certificates on the animals selling.
